

What is the Botley Music Festival?

The aim of the Botley Music Festival is to promote live music in Botley, utilising the talents of all ages, through a programme of concerts and events in and around the village.

The inaugural week-long festival will take place in July 2009.

The Festival is supported by Botley Parish Council, Eastleigh Borough Council and Hampshire County Council.

The Botley Music Festival is a non-profit making organisation. Any surplus monies raised by events will be used to stage and subsidise future musical events in and around the village of Botley.
