

Change list for Parish Council meeting on 14 January 2020

Infrastructure Paper in NP Evidence Base

Section 7.6 - additional comments on HCC vehicle registration scheme

7.6	b	There are recycling facilities such as bottle banks and clothes banks available in the Mortimer Road Car Park and the Botley Centre.
	c	The nearest Household Waste Recycling Centre is on Shamblehurst Lane South in Hedge End, just over one mile to the west of the Parish boundary. In 2020 Hampshire County Council will be instituting a number plate recognition scheme to control access to Recycling Centres and residents will need to register their vehicles.
		https://www.hants.gov.uk/wasteandrecycling/recyclingcentres/vehicle-registration
	d	Despite these facilities being available seven days a week, illegal fly-tipping is a persistent problem in several areas such as Maddoxford Lane and Chancellors Lane. There must be some concern that the planned Hampshire County Council vehicle registration scheme for access to Household Recycling Centres may worsen fly-tipping in the Parish.

Locality - History & Heritage Paper in NP Evidence Base

New section

7	Local history and heritage trails and the Botley Museum	
7.1	The Cobbett Trail is a 5 mile gentle circular walk through historic Botley, which concentrates on buildings and places that William Cobbett knew and described. The Trail starts and ends at the Botley Market Hall. More details can be found using the links below.	
	https://www.botley.com/thingstodo/walks/cobbett-trail https://www.hampshire-life.co.uk/out-about/walks/hampshire-walk-through-botley-and-alongside-the-river-hamble-1-3969252	
7.2	The Strawberry Trail is a part linear (Botley to Bursledon) and part circular (Bursledon to Netley and back to Bursledon) 15 mile walk through the historic strawberry growing area of southern Hampshire. More details can be found using the links below.	
	https://www.botley.com/thingstodo/walks/strawberry-trail https://www.ldwa.org.uk/ldp/members/show_path.php?path_name=Strawberry+Trail	
7.3	As part of the Botley Neighbourhood Plan it is hoped to develop a Heritage Trail in Botley linking the most important Listed Buildings. This Heritage	

	Trail would complement the Cobbett and Strawberry Trails. If a suitable grant could be obtained the Trail would make use of both boards and Zapper technology. The Trail would link to the Botley Museum (see 7.4).
	https://www.zappar.com/getzappar/
7.4	Either as part of this Heritage Trail or as one or more separate History Trails to commemorate the very rich local history relating to World War 2 including the D Day Landings, the Landing Craft Training Camp and the location and impact of the American and Canadian troops based in and around Botley.
7.5	As part of the Botley Neighbourhood Plan we wish to create a Botley Museum to promote local heritage and history. Two possible sites for this Museum would be the Botley Mills or one of the Uplands Farm Buildings (both Listed Buildings). To create this Museum would require a developer contribution and it is on the Botley Community & Infrastructure Priority List.
7.6	Objectives:
	a Create a local Heritage and History Trail, and;
	b Create a Botley Museum.
